

DALLAS NORTH TOLLWAY IMPROVEMENT PROJECTS

OVERLAY AND BARRIER PROJECT

LOCATION

Harvest Hill Road to Interstate 35E

2-YEAR
PROJECT

Project begins spring 2017

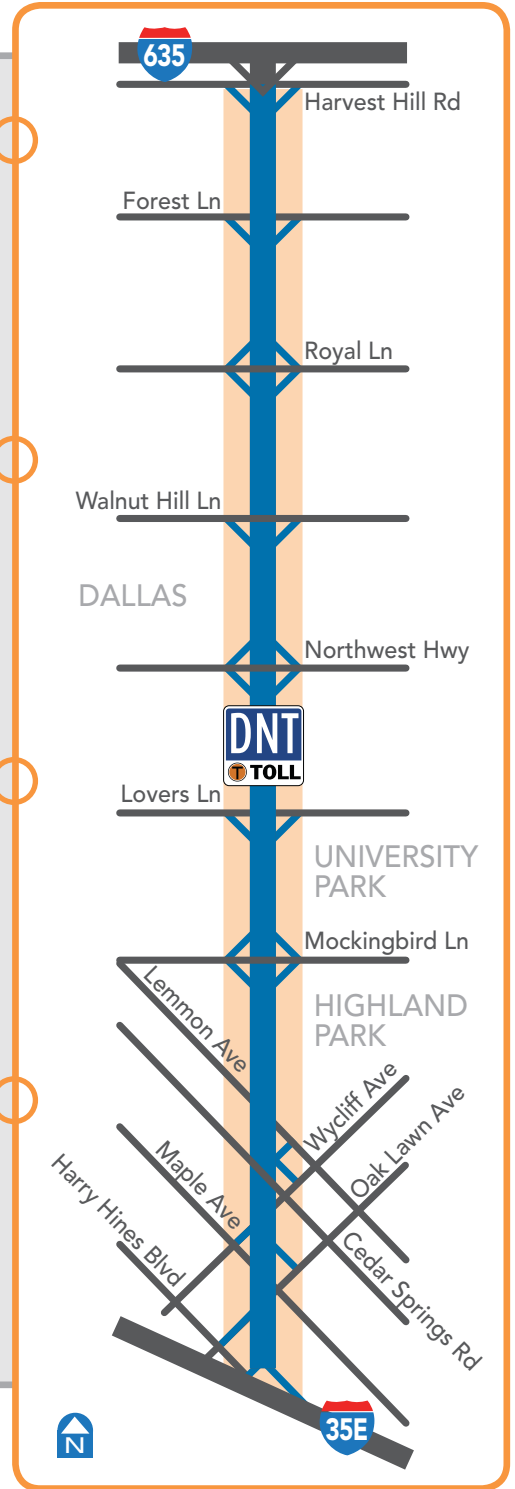

Improvements include replacing the tollway's center barrier and pavement

QUALITY

These improvements are a part of NTTA's continuing efforts toward quality and safety.

IMPROVEMENTS COMING SOON ON SOUTH END OF THE DALLAS NORTH TOLLWAY

Sometime this spring, NTTA will begin the Dallas North Tollway overlay and barrier improvements. The project will take two years to complete.

Project background:

- Crews will start working at the north end of the project area (Harvest Hill Road) and head south.
- Work will occur overnight to avoid interruptions to daytime traffic.
- No weekend closures are anticipated.
